bluespace
financial.cloud

CHALLENGES

1. **Issues with connectivity with MTN**
2. **Limited human resources for testing our applications**
3. **Unclear and changing requirements**
4. **Skill gaps**

bluespace
financial.cloud

RECOMMENDATIONS

1. A quality assurance officer or in-house testing team to help test our applications to ensure it meets business/marketing needs
2. Clear and concise project

bluespace
